

2022 Medicare Savings (Buy-In) Programs

What are These Programs?

The Qualified Medicare Beneficiary (QMB), Specified Low-Income Medicare Beneficiary (SLMB) and Qualifying Individual (QI) programs are federal Medicare Savings Programs (MSPs) which help low income elders and younger Medicare beneficiaries access Medicare benefits. In Massachusetts, the programs are called MassHealth Senior Buy-In (for QMBs) and MassHealth Buy-In (for SLMBs and QIs).

Who is Eligible?

If you meet the program income and asset limits below, and meet the MassHealth immigration criteria, you are eligible for these programs. If you are under age 65 and on MassHealth Standard, you may qualify if you meet these income limits, without regard to the asset limit; no separate Buy-In application is required.
