Re: Cross Programs: TAFDC Cases with Potential Earnings Report

Overview

The Department has agreements to share and receive data with a number of agencies and external partners. As such, the Department of Revenue (DOR) provides information related to clients who have been identified as having potential earnings. This data is compared with the information on file in BEACON and used to generate the TAFDC Cases with Potential Earnings Report. Each month the TAFDC Cases with Potential Earnings Report is generated and sent to local office managers for case managers to review with clients.

TAFDC clients must report new income or a change in income over \$100 a month to DTA within 10 days.

Purpose

The purpose of this Online Guide Transmittal is to advise staff of a new cross program Online Guide page regarding TAFDC Cases with Potential Earnings Report.
