Re: SNAP: Non-Countable Income - Senior Community Service Employment Program Payments

Overview

The Senior Community Service Employment Program (SCSEP) provides subsidized work-based training for low-income seniors (age 55 or more), with incomes less than 125% of the federal poverty level. SCSEP was authorized by the United States Congress under Title V of the Older Americans Act.

Income received by persons participating in the SCSEP is **noncountable** for SNAP.

Purpose

The BEACON Online Guide is being updated to include a new page with details about the SCSEP.
